Boiler Replacement: The central heating boiler in the parish Hall has been malfunctioning for some months and despite the replacement of some parts is deemed to have reached its senectitude. It was installed in 2005—12 years is a boiler's average lifespan. The cost of supply and installation of a Vaillant gas fired condensing combination boiler is £3,060 (including powerflush to remove sludge from the system). Donations towards this outlay would be greatly appreciated.

Year of Mission: Just notice what the people are doing at the start of today's Gospel! They are *looking* for Jesus. They are *hungry* for what he has to offer them. Like the Samaritan woman whose thirst cannot be taken away with mere water from the well, so the crowd's hunger cannot be truly satisfied with any old bread. They yearn and hunger for the 'bread' that is Jesus. Only he can nourish them and satisfy them completely... that's why, maybe, they are eager to find him. The challenge is 'to come' to Jesus and 'to believe' in Jesus. Only when we come to him, allow him into our lives, give our all to him will we find our hunger and thirst taken away. Knowing him as our nourishment then, surely, we are charged with allowing others to be guided towards him who can satisfy the longings of the human heart. Maybe our *mission* this week is to allow others to come to understand what nourishes us, what sustains us, what feeds us and to allow them to journey towards the Christ who reaches out to them in their hunger and their thirst.
