Warminster Link Scheme

The Warminster Link Scheme was set up some some twenty years ago, when many Local Community Transport schemes were also set up because many people are unable to use public transport for various reasons relating to their health, mobility, and costs. This was to provide a useful valuable service to the community, with volunteers driving clients to various appointments.

Warminster Link Scheme helps people in the community with transport to various hospitals and surgeries, and for other appointments, as well as sometimes undertaking shopping, dog walking and befriending. The volunteers use their own cars for transporting clients to the various locations, which provides an opportunity for interesting interaction between driver and client, as well as enjoyable driving to various different locations.

Access to the service is via a phone number, followed by a response from a coordinator, who will liaise with the client, taking details of the journey and appointment time before allocating to an available driver from our list of volunteers. The driver receives a mileage rate for the journeys they undertake for Link, which is funded by donations and various fund raising events. Before accepting volunteers their are required to undergo a DBS check (Disclosure and Barring Service), but otherwise need no special training.

The scheme undertakes about 900 journeys, covering 35,000 miles, every year.

The scheme is always looking for volunteers so if you are interested please contact on 01985 211655 or warminsterlink@icloud.com and join in providing this service to the community.
